

Technical drawing of a building section showing floor levels and dimensions. The drawing includes a sloped roof labeled "Controsoffitto". Vertical dimensions on the right indicate a total height of 8.69 and a section height of 4.00. Internal vertical dimensions are 3.15, 3.24, and 3.48. Horizontal dimensions at the bottom indicate levels: +0.10, +4.75, +3.79, and +0.36. A dimension of 3.99 is shown for a specific section. The drawing uses hatching to represent different materials and includes a north arrow.

**SEZIONE G-G**

Architectural cross-section G-G of a building. The section shows a multi-story structure with a basement and three floors above ground. The roof is a gabled structure with a slope of 12.5%. The building is divided into several rooms, including a large hall on the ground floor and smaller rooms on the upper floors. The section is labeled "SEZIONE G-G" at the top. Various dimensions and elevations are indicated throughout the drawing. The ground level is marked as +0.00. The highest point of the roof is marked as +13.85. The section shows the internal structure, including walls, floors, and stairs. The walls are shown in cross-section with hatching. The floors are shown in plan view. The stairs are shown in profile. The section is a detailed architectural drawing showing the internal structure and dimensions of a building.
